# ANIL KAKAR

**KAKAR HOUSE OF DESIGN  
INTERIOR DESIGNER AND FURNITURE  
SHOWROOM OWNER**

Anil Kakar is the founder and mastermind behind Kakar House of Design. Specializing in turnkey interior design, he founded his firm in 2010 and expanded by opening his retail furniture showroom in 2012.

Anil combined his passion for design and business once completing his MBA at the University of Miami. He has a strong wealth and finance background having been a banker and wealth advisor for top banking institutions.

A typical day for Anil starts with a good cup of ginger and turmeric chai and then off to emails and texts to get everyone organized on what needs to be done for that day in his showroom and interior design business.

*No two designs should ever be alike, they should encompass the personality and vision of the homeowner.*

Anil is deeply dedicated to his clients' individual vision, and he is known for customized projects. "No two of my projects are ever alike; individuality is key."

The unique vision of each of his clients' projects, their energy and passion about good design and architecture is inspirational to his work. Anil is constantly inspired by nature and all that surrounds us.

During these times, the home has become the new sanctuary for many. Beauty and comfort are paramount.
